Temporary Cable Management

Made in USA

2018-027-110-BLU

This product contains substances known to the State of California to cause cancer: Acrylonitrile Butadiene Styrene (ABS) plastic

Warnings & Precautions

Always remember

- Electrical cables can be electrocution and strangulation hazards.
- Electrical systems should be off and disconnected during service.
- Always verify your data is safe before working on the wires.
- Don't tie the wires down so much they pull and ruin your toys

4CELNK-YR is a 3D-printed product

- They're made out of plastic...they're flexible, but will break.
- Some crackling noise and discoloration is normal, but does not normally interfere with use.
- ABS plastic is not UV-resistant, so avoid direct sunlight.

4CELNK-YR is not UL-Listed, Fire-Rated, nor a "safety device"

Don't do this! They might still "work", but never as well...

Using 4CELNK-YR Cable Clamps

Step 1: Slide over tubes and add 3+ bands around neck

Colors chosen for visibility; not representative of actual product.

REMEMBER: Open arms only enough to get over the tube.

Hint: use multiple clips for even more capacity!

Step 2: Set your wiring...no tools, no waste, L1 easy!

ADD: Hold inside arm, push cable against outside arm

REMOVE: Hold outside arm, pull cable against inside arm

Step 3: Get expansion packs, color-kits, tips and the latest @ 4CELNK.COM

About 4CELNK-YR

4CELNK-YR is designed, manufactured, and assembled in Hoquiam, WA, USA.

This product may contain substances known to the State of California to cause cancer: Acrylonitrile Butadiene Styrene.

4CELNK-YR is manufactured from ABS plastic extruded via 3D Printer. To better present current 3D printing capabilities, the surface finish is exactly as that created by the machine. We hope you find the quality up to your expectations, and it provides many years of trouble-free enhanced gaming. Some surface blemishes and minor warping are normal. Design changes, of course, could change things, so the above is not a...

WARRANTY

ThomR.com warrants the unmodified product will substantially meet the intended purpose, or your money back, for a period of sixty (60) days from purchase. Tax and Shipping are not refundable. Damage and discoloration of 4CELNK-YR parts, damage to the sim rig or to attached cables and devices, are not covered by this warranty. Installed or otherwise damaged units cannot be returned. This warranty and any other claims will be handled under the laws of the State of Washington. Visit ThomR.com for more information.

RECYCLING

These instructions are recyclable. 4CELNK-YR parts are made of ABS plastic, and can be reused and recycled. Please dispose of these and all plastics responsibly.
